

Fifth & William Parking Lot

The Fifth and William Parking Lot is the DDA's only automated, or pay by foot, lot. Upon entering the lot, you will receive a ticket similar to those used at our structures. Prior to exiting you must feed the ticket into the automated pay station at the Southeast corner of the lot, pay for your time, collect your ticket, and then proceed to the vehicle exit. This is also a green lot with porous pavement, allowing stormwater from the site to infiltrate into the earth.
