**For**  
**Maynard Street Parking Offices**  
**BID PACKAGE**

Date: 11 March, 2019

To All Bidders:

The following clarifications, changes, additions, and/or deletions are hereby made part of the Construction Documents for the above noted project, fully and completely as if the same were fully contained therein. All other terms, conditions, and specifications of the original Invitation to Bid remain unchanged.

This amendment must be acknowledged in the space provided on the Bid Form.

**The Submittal Date and Time have NOT changed. It remains: Wednesday March 20, 2019 @ 5 pm.**

The modifications directed by this Addendum No.2 are described in this page and the following attachments:

1. Addendum Text : (2) pages  
Attachments: None

**Responses to questions from RFI's to date:**

**Q: On the Finish Floor Plan, please clarify the discrepancy in Corridor 113 with CPT-3 outside restroom 105.**

A: The gray carpet is mis-tagged, it should be CPT-1 as the rest of the gray carpet. CPT-3 should be calling out the orange carpet. The graphic layout of carpet shown on the finish floor plan represents the correct design.

**Q: Should the stainless steel panels be priced by Dri-Design as trapezoidal panels or can the panels be cut to fit the sloping deck?**

Maynard Street Parking Offices

Project #170925\_13\_05

A: The stainless steel panels can be by Dri-Design, however they do not need to be. They may be custom fabricated by any approved manufacturer to match the existing stainless steel panels. Cut-to-fit panels with an installation trim piece are acceptable.
