Notice of Temporary Traffic Control Plan South State Street Reconstruction Project Monday, Feb. 27–Friday, Sept. 1, 2023

Location and Limits of Affected Area:

South State Street from North University Avenue to East Huron Street.

Description of Work:

The city's contractor, Fonson Company, will replace water mains, storm sewer, sidewalks, street lights and road pavement from North University Avenue to East Washington Street; and resurface pavement from East Washington Street to East Huron Street.

Temporary Construction Traffic Control Plan beginning Monday, February 27:

South State Street will be closed to vehicular traffic from North University to East Huron Street. The North University and East Huron intersections will remain open.

Northbound traffic will be detoured east on North University, north on Fletcher Street, west on East Huron Street, back to South State Street. Southbound traffic will be detoured east on East Huron Street, south on Fletcher Street, west on North University, back to South State Street.

Pedestrian traffic and access to businesses will be maintained on South State Street sidewalks, with detours posted as necessary during sidewalk replacement work.

For the safety of all, please reduce speeds and drive cautiously through the posted detour. The city thanks motorists in advance for their patience.

More information can be found at www.a2gov.org/statestreet.
