QUESTIONS:

A. Can the deadline for bids be extended?

Response: The bid due date of March 21, 2023, 2:00 p.m. (local time) is required to meet the project schedule.

B. Can line items for general requirements and mobilization be added to the bid form?

Response: Contractor shall submit a lump sum price (Subtotal Base Bid) for each parking structure for all work included in the Drawings and Specifications, including project mobilization and general requirements. Refer to Bid Form, Section 1.

C. Can the substantial completion date be extended?

Response: The Substantial Completion date of August 31, 2023 is preferred. Alternate dates may be proposed on the Bid Form in Section 3 - Time Alternate.

D. Is the chain link fencing to be powder coated or vinyl coated?

Response: For the chain link fencing system, (1) the anchor plate/piper assemblies shall be fabricated prior to hot-dipped galvanizing and powder coating, and (2) the fabric, rails, fittings, etc. shall be galvanized and PVC coated as indicated on the drawings and in the specifications. Voluntary alternates may be proposed on the Bid Form in Section 2 - Material and Equipment Alternates.

E. Are the vertical spacer rods fastened to the stainless-steel cables?

Response: The barrier cable support/stabilizer rods shall be fastened to the stainless-steel barrier cables and shall not damage the cable. Support/stabilizer rods and all hardware shall be stainless steel. Refer to Detail 9/AP501.

F. Are the barrier cables to be tensioned like vehicular barrier cables?

Response: The stainless-steel barrier cable shall be tightened to a rate of approximately 200 pounds as not to easily admit a 4-inch sphere, and in accordance with the Manufacturer's instructions.

G. Is completion of a 10-hour OSHA Construction Safety Course a requirement?

Response: Evidence that all craft labor that will be employed by the bidder for the project has, or will have prior to project commencement, completed at least an authorized 10-hour OSHA Construction Safety Course is a requirement.

H. Is contractor responsible for moving electrical?

Response: Contractor to promptly report any existing electrical that interfere with the scope of work and to coordinate relocation of electrical with the owner. Electrical work by others.

BID FORM

Section 2 - Material and Equipment Alternates

The Base Bid proposal price shall include materials and equipment selected from the designated items and manufacturers listed in the bidding documents. This is done to establish uniformity in bidding and to establish standards of quality for the items named.

If the Contractor wishes to quote alternate items for consideration by the DDA, it may do so under this Section. A complete description of the item and the proposed price differential must be provided. Unless approved at the time of award, substitutions where items are specifically named will be considered only as a negotiated change in Contract Sum.

If the Bidder does not suggest any material or equipment alternate, the Bidder MUST complete the following statement:

For the work outlined in this request for bid, the bidder does NOT propose any material or equipment alternate under the contract.
